## Event Report on Skill Development Seminar on AI and Networking Skills

**Date of Event: 18 August 2025**

**Venue: Seminar Hall, Thazhakara Campus, CAS, Mavelikara**

**Time: 10:30AM – 12:30 PM**

**Organized by: Rotary Club, Haripad**

**Target Audience: Female B.Com and BBA Students**

### Introduction:

A skill development seminar on Artificial Intelligence (AI) and Networking Skills was successfully conducted on August 18, 2025, at the Seminar Hall of Thazhakara Campus of College of Applied Science, Mavelikara. The session aimed to equip female students of BBA and B.Com with foundational knowledge and practical insights into the world of AI and networking skills that are increasingly vital in today's digital economy.

### Organizers:

The event was organized by the Rotary Club of Haripad, who Volunteer their time and resources to enlighten the students on the importance of uage of AI and Networking skill development under the initiative *OPPOL VIDYA*.

### Agenda:

The primary objective of the seminar was to equip girls of Commerce and BBA students with essential digital skills that are increasingly demanded across industries in the 21st century. Specifically, the seminar focused on two critical areas: Artificial Intelligence (AI) and Networking in the sense of communication, which are transforming the way world operate and communicate in a globalized, data-driven environment.

### **Keynote Speech:**

The programme commenced with a welcome speech by Smt. Viji S Kumar, HoD Management. She warmly greeted all dignitaries, including the Principal, Chief Guests, members of Rotary club, Faculty members, and students, and acknowledged each one for their presence and contribution to the event. Followed by it, Rtn. MPHF. G Arun Nath delivered a presidential address in which he outlined the objective of the session and peeped into the project Oppol. The inaugural speech was delivered by Rtn PDG. Er. PG Muraleedharan, Advisor Project Oppol. In his address, he highlighted the need and role of such conference among students and officially inaugurated the event

The First session was conducted by the Resource person, Rtn Dr Aysha V, Principal of IHRD College of Applied Science, Mavelikkara, on *INTRODUCTION TO AI AND GEN AI TOOLS*. Mam introduced students to the foundational concepts of Artificial Intelligence, including its definition, key components, and how it is being integrated into various industries such as finance, marketing, education, and even in daily based activities. She extended her ideas through demonstrating real-world applications of AI, highlighting how technical tools and apps like ChatGPT, machine learning are helpful when it comes to acquiring new knowledge.

The session was followed by an insightful discourse on *NETWORKING SKILLS* by Rtn PAG Dr N.R.U.K.Kartha, a career development expert with vast experience in mentoring students and young professionals. He delivered an interactive session and spoke on the importance of social networking in today's era. He briefed on the skills needed for effective networking, the scope of effective networking in a career, and the possibilities and job opportunities related to it. He introduced students to the networking apps and social media platforms like LinkedIn, Twitter to make them understand the value of strategic networking.

### **Participation:**

The seminar saw enthusiastic participation from over 30+ girl students from the BBA and B.Com streams. Students engaged actively in mock networking exercises and role-plays. Activities included introducing themselves in a simulated networking event, and shared their personal experiences related to social networking.

### **Feedback and Outcome:**

Feedback was overwhelmingly positive, with students appreciating the practical nature of the session. Our student Vismaya from BBA 1<sup>st</sup> year thanked on behalf of all students for the collective effort in providing awareness on using social networks professionally.

## Closing Remarks:

As the event came to its close, the members of Rotary Club Rtn. MPHF. Prof DR. K Sabarinath, Rtn. Reji John, Rtn. E R. Sunil Devanand, Rtn. Ajay Kumar K, Rtn. Rejanikanth C K extended their insightful thoughts on social Networking and summarized the key points of the event, and outlined the next steps for continuing the initiative.

The event closed with a Vote of Thanks by Pradeep G, HoD Commerce. He extended his heartfelt thanks to each resource person present in the hall and concluded his speech by mentioning the importance of the digital world, highlighting its drawbacks on the impact of AI in daily use and how the latter has taken the place of critical thinking and problem-solving skills. Thus he urged for the need of Reading habits among students.

## Conclusion:

The seminar successfully introduced students to key concepts in Artificial Intelligence, Networking, and Social Networking Skills. It provided valuable insights that bridged academic learning with real-world applications, enhancing students' digital literacy and career readiness. The positive response highlights the need for continued initiatives in technology-focused skill development.
